

A message from The Chair of Governors.

Hello, My name is Greg Entwistle and I have been a Governor here at St.John with St.Michaels school since 1994, I was asked to become chair of Governors 2 years later and I have been re-elected every year since then.

Being a school governor is a demanding but very rewarding role and during my time here I have been actively been involved with the management of all aspects of school life.

The biggest project I have been involved in so far was helping with the planning and implementation of our recent internal rebuilding, a project which saw an investment of well over £1M. We are extremely proud of the result and we now have a modern and fit for purpose building which provides an ideal learning and teaching environment for our pupils and staff.

Following on from our refurbishment we have seen a steady rise in pupil numbers and continued improvement in pupil progress throughout all key stages, we are rapidly reaching our maximum capacity of pupil numbers which is something we have not experienced for many years.

We follow a strong Christian ethos throughout the school and all of our children tell us that they feel safe and secure within school. We have built up a very strong highly professional and motivated team of staff and governors all of whom are prepared to go the extra mile to give our children the best possible experiences.

I am extremely proud of what we have achieved, and continue to achieve here at St.John with St.Michaels, I am always open to suggestions as to how we could continue to improve and should you wish to contact me please either telephone the school who will pass on any messages or e-mail me at: g.entwistle@sjsm.lancs.sch.uk

We welcome visitors to the school and should you wish to visit us for any reason please contact us for an appointment, we hold open days each year where prospective parents and children are welcome to come and look around, or should you want a less formal type of visit we hold several and varied community based events throughout the year linked to the curriculum where visitors are invited to come and join in with our activities or observe the work that the children have created. Please see our main website for details of all our forthcoming events.

Thank you for your interest in our school

Regards

Greg.
