

At St John with St Michael we want to change children's lives through Physical Education. We aim to create a welcoming, enjoyable environment that will equip children with physical movement skills, body confidence and embed a positive attitude towards their physical ability and lifelong skills and health.

Funding

During the 2017/2018 academic year, St John with St Michael will receive approximately £16,000 Sports Premium money to support all children and to improve the quantity, quality and breadth of PE and sport provision. The allocation is calculated according to the intake of the school and geographical area, and the school must decide how best to use the money to improve the breadth and quality of PE and sport provision, including increased participation in PE and sport so that all pupils develop healthy lifestyles and reach the performance levels they are capable of.

At St John with St Michael CE Primary we have decided to spend this money on:

- Membership of the Rossendale School Sport Partnership which includes 101 hours of extra professional coaching
- Lunchtime clubs delivered by professional coaches for both key stages 1 & 2
- Promoting an active rota for playtimes
- CPD to continue to support the skills and knowledge of class teachers and the PE coordinator
- Extra-curricular clubs to engage less active children
- ipads to enable the use of an effective assessment tool
- Specialist teachers to deliver a wider range of activities such as yoga, fencing, karate etc
- Membership of the Youth Sports Trust
- Updating kit specifically for competitions
- Enhancing the outdoor area
- Resources to enhance the quality and range of PE activities taught

Targets for 2017-2018

- Children to be active for at least 30 minutes per day
- Children have the opportunity to engage in a wide range of sports and activities which keep them physically active. Therefore less active/sporty/competitive children are part taking
- The subject knowledge and confidence of teachers is improved as a result of working alongside specially trained coaches
- Children's self-esteem is raised and a sense of belonging formed as a result of our kit when attending competitive events

- The outdoor area is used for both PE and other curriculum areas

Future Impact

- Those children who are less active take part in and enjoy physical activity
- Teachers are confident in teaching and delivering a whole range of physical activities
- PE links across the curriculum and evidence is seen in books such as Literacy, Numeracy and Topic
- 70% or more of children years 1-6 have taken part in an afterschool club that promotes physical activity by Summer 2018
- Children are active outside of curriculum time in school

In the academic year 2016/2017 St John with St Michael received £8428 in Sports Premium Funding. We spent this on:

- Membership of the Rossendale School Sport Partnership which also includes 101 hours of extra professional coaching
- CPD to continue to support the skills and knowledge of class teachers and the PE coordinator
- A specialist dance teacher who will work alongside the teacher to plan and deliver sessions for both key stages 1 and 2
- Membership of the Youth Sports Trust
- Updating kit specifically for competitions
- Enhancing the outdoor area for play times and cross curricular links
- Resources to enhance the quality and range of PE activities taught
- Play leader training

Impact

- 60% of class 4 children took part in a level 2 inter-school competition
- Teachers now describe their confidence and the quality of their lessons as having improved
- Self-evaluation tool on YST generated a silver status with areas for improvement for gold
- Children are using the outdoor area for physical activities during play and lunchtimes
- Class timetables now ensure each class has 2 hours of physical activity per week
